RE. Docket No. 98N-1265

To the FDA:

2554 '99 MAY 19 P4:37  
I send this letter as a consumer of health care services to register my concern and disapproval of the Memorandum of Understanding as published by the FDA on January 21, 1999.

In its present form, the MOV, as well as the Compounding Section 503A of the Modernization Act, severely restricts the rights of the physicians and patients to obtain healthcare products from the provider of their choice. It also infringes on the rights of Compounding Pharmacists to serve the public medical needs.

As a healthcare consumer there should be no restrictions to the delivery of Compounded medication prescribed for me, regardless of where I live or travel.

The MOV must be amended!!

The FDA is an agency of the US Government that purports to be the "watchdog" for consumer safety.  
This is not a safety issue!!

98N-1265

C2412

As a government agency, the FDA also  
has a responsibility to accountable to  
the people. Once again, the MOU must  
be amended!!
